

Add Your Phone to the Do Not Call List

Telemarketing calls are often an unwelcome annoyance. To reduce the amount of unwanted telemarketing calls you receive, you can register your home and cellular phone numbers on the nationwide Do Not Call Registry. The Attorney General's Office enforces the rules of the Do Not Call Registry to make sure that businesses follow the law and consumers do not become victims of fraud.

EASY ON-LINE REGISTRATION

1. Enter up to three phone numbers
2. Check that the information is correct
3. Receive an email from verify@donotcall.gov within a few minutes. It will tell you if your number was previously registered or if the new registration is complete.

or call 1-888-382-1222

Register once and it will not expire.

The Do Not Call Registry stops unwanted **sales** calls — live calls or robocalls — from real companies that follow the law. The Registry is a list that tells registered telemarketers what numbers not to call, it doesn't block calls.

Companies can call you if you've recently done business with them, or if you've given them written permission to call.

The Rules Do Allow:

- Political Calls
- Charitable Calls
- Debt Collection Calls
- Purely Informational Calls
- Surveys

The Do Not Call Registry stops sales calls from real companies. The Federal Trade Commission does not and cannot block calls and the Registry cannot stop calls from scammers who ignore the Registry. More information on call-blocking and call-labeling apps can be found on the Federal Communications Commission website [fcc.gov/call-blocking](https://www.fcc.gov/call-blocking).
