ATTORNEY GENERAL RAOUL ANNOUNCES TOP 10 LIST OF CONSUMER COMPLAINTS

Home Repair Tops List for Second Consecutive Year; Used Car Complaints Increase

Chicago — In recognition of National Consumer Protection Week, Attorney General Kwame Raoul today announced his office's list of Top 10 consumer complaints for 2019. For the second year in a row, complaints related to home repairs and remodeling topped the list, after years of debt-related complaints being the most frequently received by the Attorney General's office.

Last year, the Attorney General's Office received 18,699 complaints from individuals who wrote or emailed the office, and home repair and remodeling complaints ranked first, with 2,001 complaints. Used automotive sales complaints rose to second with 1,767 complaints, with consumer debt complaints ranking third at 1,602 complaints. The Attorney General's office also received complaints from thousands of additional individuals who called or visited the office in person.

"Throughout the year, and particularly during Consumer Protection Week, I urge people to be informed consumers, which means exercising vigilance and knowing the hallmarks of a scam," Raoul said. "With an increase of complaints related to buying used cars, I encourage anyone thinking about purchasing a used vehicle to visit my office's website to find valuable tips before spending thousands of dollars on a car."

Used automobile complaints have been on the rise in the past few years. In 2017, they ranked seventh before rising to fifth in 2018 and second in 2019. Consumers contacted the Attorney General's office for a variety of reasons, ranging from as-is sales to financing and warranty issues. Raoul encourages consumers to research dealerships before making any payments or signing contracts and to visit the [Attorney General's website](#) for more information about consumers' rights and tips to help avoid automotive fraud.
